“Samba from Berlin? Why not?”
– Marc Sampson, Songlines Magazine

BIO

A Panda do Sol is a Berlin-based collective whose solar rhythms and nostalgic poetry take you from within. Led by Helena Fontaine and Félix Huet, they weave Samba, Caribbean grooves, Chanson, and Jazz into performances that pulse with warmth and emotion. The band features virtuoso Brazilian percussionists from Recife, masterful Jazz soloists in the horn section, and the lovers on lead vocals and strings, whose harmonies make you cry with joy. Since 2017, they've captured hearts from Paris to Lisbon, including La Blogothèque's Take Away Show. Their third album, *Nossa Poesia*, produced between São Paulo and Berlin, arrives in 2026, together with some surreal circus cinematics.
